LINE CARD 2026

Driven by
industrial standards.

STRATEGIC PARTNERS

At **Batiz Control**, we offer a carefully curated portfolio of top industrial brands for replacement parts, ensuring operational continuity, reliability, and peak performance for every application.

Our product lineup includes solutions for automation, control, power, assembly, safety and maintenance, handpicked to meet the most demanding industrial requirements.

Each brand we represent is selected for its quality, innovation, and technical support, enabling us to provide components that streamline processes, reduce downtime, and maximize productivity.

This document presents our product lines by category, making it simple to find the right solution for your needs, backed by our technical expertise and commitment to service.
