INDUSTRIAL AUTOMATION

Driven by
industrial standards.

TURNKEY SOLUTIONS.

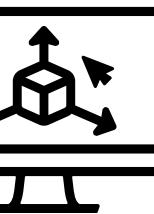

At BCI, we develop end-to-end automation projects, **from initial engineering and programming to fabrication, integration and final commissioning.** We deliver fully operational systems, customized to your specs and ready for production on Day 1. By partnering with a single-source provider, you mitigate risk, accelerate timelines, and ensure a more efficient, safe, and reliable process.

industrial standards.

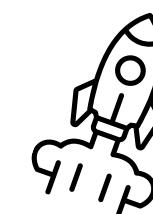

OUR APPROACH

Design.

Implementation.

Commissioning.

We design every solution based on your floor's actual operational needs, integrating control, automation and data tech to drive efficiency and reliability. **We handle: PLC, HMI, and vision system programming, as well as mechanical integration, shop floor testing and on-site commissioning.** With BCI, you get a complete, robust solution built to the highest safety, quality and performance standards..

Driven by
industrial standards.

CAPABILITIES & EQUIPMENT

Our solutions include:

- Robotics.
- Leak testers.
- In-line gaging.
- Vision systems.
- Marking systems.
- Assembly benches & stations.
- Hydraulic & servo presses.
- Industrial washers.
- Lifts & buffers.
- Palletizers.
- Material handling: AGVs, gantries, pick-and-place, grippers, conveyors, etc.

Driven by
industrial standards.

HIGH-RESPONSE CAPACITY

Our expertise allows us to respond with precision and skill, integrating technology safely and efficiently with industry-leading lead times.

Services:

- Technical support.
- Mechanical, electrical, pneumatic, and hydraulic design.
- Robot, PLC, and CNC Programming.
- Laser cutting & component fabrication.
- Assembly & Installation.
- Spare parts, remanufacturing and maintenance.

Driven by
industrial standards.

EXPECTED RESULTS & BENEFITS

- Increased efficiency and throughput.
- Reduced error rates, variability, and rework.
- Integration of smarter, more controlled processes.
- Ongoing maintenance and support.
- Reduced cycle times.
- Flexibility to scale solutions to specific needs.

Driven by
industrial standards.

OUR CLIENTS

Trusted by industry leaders:

PUREM
by Eberspächer

METALSA

Heraeus

USMCA Corridor.

Canadá

Winnipeg, Manitoba.

EUA

Chicago, Illinois.

Tulsa, Oklahoma.

Dallas, Texas.

Laredo, Texas.

Mexico

Monterrey, N.L.

Saltillo, Coahuila.

Durango, Durango.

Mazatlán, Sinaloa.
